MFX-C3400

High Quality, Flexible Colour Output

Compact Size

Colour copying, printing and scanning is a necessity for all offices. The MFX-C3400 delivers A3 colour output without taking up valuable office space. As all of the machine operation is at the front, the ultra compact MFX-C3400 fits easily into virtually any office environment. Its A3 colour - in an A4 space!

High Resolution Output

The MFX-C3400 delivers superb colour output with a superdetail resolution of 1200 by 600 dpi for high quality results.

Photographic Quality

Muratec's proven colour print technology ensures subtle tones and graduations of colour to give photographic quality to images in business documents. A RADF (re-circulating automatic document feeder) allows the versatile MFX-C3400 to perform fully automatic duplex copying and scanning.

Versatility & Print Size

As well as printing onto A3 stock up to 200gsm in weight, the versatile MFX-C3400 can print full colour banners up to 297 mm x 1,200 mm in length. This means you can produce colour banners for marketing, internal promotions and point-of-sale using your flexible MFX-C3400.

Network Ready

The productive MFX-C3400 is supplied ready for network printing and scanning. PCL5e, PCL6 and Post Script 3 are all supported as standard providing powerful network functionality for everyone.

Scanning Capabilities

Scanning is also simple and effective making it easy to securely scan to network folders or archive applications, as well as scanning to email for sharing printed documents with colleagues without the need to print. The versatile MFX-C3400 can also scan direct to USB memory stick.
